

SensoIRIS WSB IP65

EN 60529

Analogue-addressable Fire Alarm Siren

- ABS plastic material
- Red color

SensoIRIS WSB IP65 is a waterproof protected deep base specially designed for outdoor installations of analogue-addressable sounders SensoIRIS series. The deep base is suitable for wall mounting in applications in aggressive environments requiring IP65 protection of the devices. SensoIRIS WSB IP65 comes in a kit with a solid rubber gasket, o-ring sealant and IP65 rated cable glands. SensoIRIS B124 standard base is mounted with screws.

Features

- ABS plastic material
- Red color
