

## Wireless Wi-Fi Speaker (Active + Passive)

### WIFI62

#### Feature:

- ✓ Includes 2 speakers (Active + Passive).
- ✓ Built-in Digital Sound Stereo Amplifier.
- ✓ Wireless Wi-Fi music streaming.
- ✓ 2-Way full range stereo sound system
- ✓ 6.5" Poly cone with 1.5" tweeter and crossover.
- ✓ MAX Power Output: 150 Watt.
- ✓ RMS Power Output: 30 Watt + 30 Watt.
- ✓ Aux (3.5mm) Input Connector and one 100V output to passive speaker.
- ✓ Highly efficient up to 85% Class-D stereo 20W+20W amplifier.
- ✓ Wireless control from iPhone, iPad and any mobile devices.
- ✓ Use APP wireless send music to speaker without cable.
- ✓ Wireless communication distance up to 200 meters.
- ✓ ABS white enclosure and white metal grille.
- ✓ Shielded signal transmission from transformer to isolate the earth line.
- ✓ Shielded finish to avoid electronic magnetic noise inside.
- ✓ DC 24V power adapter included in the package.
- ✓ Quick and safe flush mount in ceiling design.
- ✓ With over temp, over load, short circuit and AC fuse protection.

#### Specification:

Model	WIFI62
Description	Wireless Wi-Fi Speaker (Active +Passive)
MAX Power Output	150 Watt
RMS Power Output	30 Watt + 30 Watt.
Frequency Response	40-20KHz ( $\pm 3$ dB)
Impedance	8 Ohm
THD	<0.5% at 1kHz, 1/3 rated power
S/N Ratio	>70dB
Power Consumption	50W
Speaker Unit	Two-Way 6.5" Poly cone with 1.5" tweeter and crossover.
Dimension	$\Phi 230 \times 155$ mm
Cutout Size	$\Phi 200$ mm
Weight	4.5kg
Material	ABS white enclosure and white metal grille
Power Supply	DC 24V power adapter included

#### Built-in Wi-Fi Audio Streaming:

- Instantly Stream Music from Your Connected Device
- Works with iPhone, Android, Smartphone, iPad, Tablet, PC, etc.
- Wireless Range: 100-200 meters

#### What's in the Packaging Box:

- 1×Active Speaker
- 1×Passive Speaker
- 1×24V DC Power Adapter
